Angel Rays

Trevor Hall

Angel rays are here to stay
When the sun smiles in my face
I can't complain
But hey, I still miss you

And when the mountains make me smile
They make me smile for quite sometime
I know I'll be fine
But hey, I still miss you

For now, I haven't found
A way to feel okay
I know that, we all have
To go our own ways
But hey, I still miss you

And I still miss you

I take on in this air
And look out to that painted sky
The scene fills me
And I breathe
But I still miss you

Well the only time I frown
Is when that sun goes down
There's no one around
But hey, I still miss you

And for now, I haven't felt
A way to feel okay
And I know that we all hail
To go our own ways
But hey, I still miss you
