

Coyote

Trevor Hall

It's a wild ride you and I been on
Let's keep it going
Coyote
It's a wild ride
I'll try to be strong
Let's keep it going
Coyote

Here comes that psilocybin
Come on let's see the show
I heard they hung the best stars
Over Mexico

And if it don't come easy
You need to let it go
It's just a feeling
It's a vibe
It's a season

It's a wild ride you and I been on
Let's keep it going
Coyote
It's a wild ride
I'll try to be strong
Let's keep it going
Coyote
Coyote
Coyote

You'll only hurt me, baby
You and your gypsy soul
I can feel it in my heart
In my pinky toes

Maybe it would be worth it
Maybe we'll never know
It's just a feeling
It's a vibe
It's a season

It's a wild ride you and I been on
Let's keep it going
Coyote
It's a wild ride
I'll try to be strong
Let's keep it going
Coyote

I'll try to be strong
Coyote
I'll try to be strong
Coyote
I'll try to be strong
Coyote
I'll try to be strong
Coyote

It's a wild ride you and I been on
Let's keep it going
Coyote
