

Forgive

Trevor Hall

Mmh, yeah mmm
Sun coming up on the earth,
Open up strong and we learn.
Never done, never do we wayward.
Who's the one that we seek?
Who is the one within we?
I don't fear, I don't fear the answer.

I know hope, it has wings
I can see a rest with the king.
Let it shine, let it shine on down me.
Out of the mouth comes the water,
Out of the earth came a daughter.
All I hear, all I hear is to forgive... give.
Forgive, forgive

Out of the hands of creator,
I call out my heart day
Lead us sing, lead us sing to patience
They drew the miss on the ceiling
Let it rain down for our healing.
I know this, I know this is ancient.

Well, I love you and I mean it!
Hey little child can you feel it?
Let it come, let it come full circle.
Giving up on separation,
Now it's time that we face it
All I hear, all I hear is to forgive... give.
Forgive, forgive
