

hello my son

Trevor Hall

I'm in the here and now
And I don't even know how
Are these the golden years
I got no time for tears

I'm in a brand new love
Hello to you, my son
Hello my son

Watching the wind blow through trees
Laughing at mountains and seas
Tell me where all of it goes
I don't really care to know

I'm in a brand new love
Hello to you, my son
Hello my son

I'm in a brand new love
Hello my son
I'm in a brand new love
Hello my son
I'm in a brand new love
Hello my son
Hello to you, my son
Hello my son
Hello to you, my son
Hello my son
