

Strength In One

Trevor Hall

People
Don't you lose your warrior spirit
People
Call upon it if you need it
People
Don't forget to stand in power
People
This may be the final hour

All up on the sky
I can only see rain
If we're gonna survive now
Better find a new way
Evil gonna break down now
We about to build up
Calling on a new sound now
Strength in one

People
Don't forget your own true nature
People
Look inside and meet your maker
So what we gonna do

All up on the sky
I can only see rain
If we're gonna survive now
Better find a new way
Evil gonna break down now
We about to build up
Calling on a new sound now
Strength in one

All up on the sky
I can only see rain
If we're gonna survive now
Better find a new way
Evil gonna break down now
We about to build up
Calling on a new sound now
Strength in one
