

watching the leaves fall

Trevor Hall

I've been watching the leaves fall
Watching them fall across the sky
Tell me who is the keeper
Who's the keeper of their time
I've been watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
Watching the leaves fall
Round you, round here, round us
Round us

I've been watching the leaves fall
Watching them fall across the sky
I've been watching the leaves fall
Tell me who is the keeper
Who is the keeper of their time
I've been watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
Watching the leaves fall
Round you, round here, round us

Watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
I've been watching the leaves fall
