We Call

Trevor Hall

Godspeed
Watch the weaver weave
Watch the blanket fall upon the lap of the trees
Watch it as the master puts the moon upon his locks
Dancing on the mountain make the whole world rock
Watch it in the poetry of men who've come before
I watch it in the Angels that be knocking at my door
Watch it in the sunrise watch it in the rain
I watch it in the heart come spark that flame
No Shame, keep on, keep on, keep on

Oooh
We call, we call
Oooh [x4]

I watch it in the melody and in between the song
Ashes on the forehead that's how I'm getting strong
I watch it in the blood I watch it in the bone
I'm calling to the Golden on that's how I'm getting home
I watch it in the calm of the Himalayan snow
Watch it in the water let the healthy river flow
I watch it in my children who will soon come to be
I'm watching it in you, yes I'm watching it in me
Go free, keep on, keep on, keep on

Oooh
We call, we call
Oooh [x4]
