

# All Day

Trevor Jackson

She said can I get a minute?  
I told her that she got it with the Dennis  
She said my name Alicia  
And I've been waiting all day, been waiting all day  
Boy I know you always get this  
But I ain't like them other girls I'm bout my business  
She say but I still wanna picture  
Cause I've been waiting all day, been waiting all day

Sweating in the back of the club  
Damn, oh my god  
She looking like she wanna leave the club  
I'm like whoa, now we're talking  
If you ready I'm ready then we can get it  
Just hop in that car and then I'll be with it  
It's your decision but baby the clock is ticking

Cause I ain't waiting all day, waiting all day  
For you, you, you  
Ain't got no time to be waiting all day  
For you, you, you  
It's unbelievable  
For you, you, you  
Either you have it or you wo-oh, oh-n't, oh-n't  
I ain't waiting all day, waiting all day

She made the pimp go woah!  
She made the hustlers say fuck!  
She made the old school dudes say ooo, ohh!  
She made the gangsters say damn!  
Man you done seen that dick for mile to give that ohh too!  
They was like who's that  
I was like I don't know but bring her over here  
'Bout to who's who  
Tell her where the ballers at, the bottles at, the ganjas at  
Holler, I'm tryina holler at her  
Tell I'm the certified shit  
I ain't gotta say shit or do shit  
This bitch I'm throwing numbers her  
Gona ignore these bitches cause some of these old bitches  
Jack a nigga, really go nigga my guitar I'm rapping  
Flick up, flick up, need no self esteem  
Put your fucking but up  
Or take a picture, let me know  
I ain't waiting all day  
I'm a hustler hoe!

Sweating in the back of the club  
Damn, oh my god  
She looking like she wanna leave the club  
I'm like whoa, now we're talking  
If you ready I'm ready then we can get it  
Just hop in that car and then I'll be with it  
It's your decision but baby the clock is ticking

Cause I ain't waiting all day, all day  
For you, you, you

Ain't got no time to be waiting all day  
For you, you, you  
It's unbelievable  
For you, you, you  
Either you have it or you wo-oh, oh-n't, oh-n't  
I ain't waiting all day, waiting all day

You ain't gotta lie  
Now you wanna kick it  
I ain't got all day  
Just stop playing, I got you  
(I ain't waiting all day  
I'm a hustler ho!)
