

Come Again

Trevor Jackson

Mama always told me
Trevor don't you go around breaking girls hearts
It's so easy to fall into because of who you are
I tried to do right, man this shit gets hard
I don't know where to start
'Cause I just got another pic, and she naked with a friend
Saying boy come thru and
Body like Amber Rose, walking slowly on the room.
What you do
Usually I stay out of my way
But I'm really trying to change my ways
Cause I miss my baby
This is how I feel right now
You don't believe me then I need you to
Come and see me for once
Can we just meet for lunch
We ain't even got to eat
But I think we need to speak
Baby can you just, try to see me for more,
More than just a monster,
I know you remember me
Yeah I'm talking the real me right now
The one that used to make you
Cum again, cum again
Boo we have to keep it down
Cause there's people in the house
Made you cum again, cum again
You know I used to spend it all baby
Can you come again, and again, and again
Come and see me for once
You don't ever come to me,
But when if you're coming to me, either...

I understand I make mistakes but I'm a man
You probably disagree, but a man take responsibility for his action
And for me who needs a distraction
To the only one, I mean, the only one worth having
And the only one that matters,
And that's you (that's you, you...)
That's how I feel right now,
Don't believe me, than I need you to
Come and see me for once
Can we just meet for lunch
We ain't even got to eat
But I think we need to speak
Baby can you just try to see me for more
More than just a monster
I know you remember me
Yeah I'm talking the real me right now
The one that used to make you
Cum again, cum again
Boo we have to keep it down
Cause there's people in the house
Made you cum again, cum again
You know I used to spend it all baby
Can you come again, and again, and again
Come and see me for once

You don't ever come to me,
But when if you're coming to me, either...

Shit, saw you unfollowed me
And for a second baby that kind of bothered me
But you're still lurking on my page ain't you?
That's okay because I do the same thing too
Baby make that ass bounce like a Kangaroo
Baby let that legs out like Daisy Dukes
Pit stop at the gas station for munchie foods
Got you the Flamin' hots can't forget the Häagen-Dazs coffee
That's your favorite flavour
So it's been a minute, since I see my baby
Yeah I know I fucked up, I'm sorry
How long you plan to roll that against me
Come and see me for once
Can we just meet for lunch
We ain't even got to eat
But it's about time we speak (don't you think?)
Try to see me for more
More than a monster
I know you remember me, the real me
The one that used to make you
Cum again, cum again
Oh we have to keep it down
Cause your parents is in the house
Made you cum again, cum again
You know I used to stretch it out for you baby
Come again, and again and again
Come and see me for once
You don't ever come to me,
But when if you're coming to me, either...
