

Consistency

Trevor Jackson

N-N-Nonstop

Everytime she end up in my bed
She never want to leave me
She says she the one
When she's not around, she's still in my head
Everytime we link up, I think I'm done
Done with the bullshit, yeah, done with the past
Done with the fake love, yeah, it never lasts
Call me crazy, yeah, but baby I'll sacrifice
If you can back it right
I need consistency, yeah

I never compromise
But I'll make the time for you
Don't know why I'm always surprised
It's always a vibe with you
Oh yeah

Everytime she end up in my bed (In my bed, uh uh)
She never want to leave me
She says she's the one (The one)
When she's not around, she's still in my head (My head)
Everytime we link up, I think I'm done (Uh)
Done with the bullshit yeah, done with the past (Uh)
Done with the fake love, it never lasts (It never lasts)
Call me crazy, but baby I'll sacrifice
If you can back it right
I need consistency, yeah

Baby I love it when you love me so good
But is you gon' do it again, yeah
I'm pulling up to Atlanta, she goin' bananas, she's bringing her friends, ye
ah
Drop down baby, yeah, something to see
Need you naked yeah, in the front seat, oh
When she throwing it back I give her five stars and more
Plus a tip, you know what's mine it's yours
When you in L.A, yeah, yeah
Swing my way, yeah, yeah
This thing we got is so deep, oh

Everytime she end up in my bed (In my bed, mm)
She never want to leave me
She says she's the one (The one)
When she's not around, she's still in my head (My head)
Everytime we link up, I think I'm done (Uh)
Done with the bullshit yeah, done with the past (Uh)
Done with the fake love, it never lasts (It never lasts)
Call me crazy, but baby I'll sacrifice
If you can back it right
I need consistency, yeah
