

Find Out

Trevor Jackson

I know girls like you, you have your reservations
Cause I know guys like me, we got bad repetitions
Come and find out for yourself (na-oooh)
Find out for yourself, one time
Find out for yourself (na-oooh)
Get to know me, foreal foreal

I been on your line tryna get to know you, baby
You ain't got the time, you miss independent, baby
Block it out your mind
All the shit that they been saying to you, you
They say I'm a dog, don't be led astray, baby
Trying to evolve
Tryna to change my ways, baby
They just throwin' salt
Don't believe what they sayin' to you, you oooh

Don't fight the feeling, I understand
But life's for living
Just take a chance
Every night you're busy
Just change your plans, for me, I know

I know girls like you, you have your reservations
Cause I know guys like me, we got bad repetitions
Come and find out for yourself (na-oooh)
Find out for yourself, one time
Find out for yourself (na-oooh)
Get to know me, foreal foreal

I know you heard a couple statements, bout my repetition
Niggas talkin' shit and bitches sayin' that I'm crazy
Go head, do me a favor, take that out the equation
Come be my Priscilla, tryna take you to the Graceland
Yeah, you know I'm in it
That's the shit I'm on
Leave 'em in awe, I'm authentic
Used to dream about that Lambo, mm mm
Now I'm in it
And I'm tryna take you with me

Don't fight the feeling, I understand
But life's for living
Just take a chance
(Take my hand)
Every night you're busy
Just change your plans, for me

I know girls like you, you have your reservations (hey!)
Cause I know guys like me, we got bad repetitions
Come and find out for yourself (na-oooh)
(Hey!)
Find out for yourself, one time
(Find out for yourself)
Find out for yourself (na-ooohh)
Get to know me, foreal foreal
Foreal

Come and find
Come and find
Come and find
Come and, come and, find out baby
Come and, come and, find out baby
