

# Just for Fun

Trevor Jackson

I got the juice, don't play  
Who else could take my place?  
She gon' call me crazy  
Then turn around and call me, "Baby"  
I like to get fucked up  
And she like to ride on top of me, baby  
I'm rolling with the way that you rock with me, baby  
I can't lie

I, I, I  
Know you're strong, you been through so much  
It's been so long since you have found love  
I know that the going gets tough  
I'm here to distract you from all of that stuff  
But don't get it mixed up

This is just for fun (Fun, lil' baby)  
We just trya have fun, lil' baby
