

Snap Ya Neck

Trevor Jackson

I been turnt up since last week
I'ma about to break; they tryina cast me
Been fightin' with the devil; he can't have me
I'm about to blow up like a gas leak
I got the chicken got the sauce like I'm Zaxby's
They know I'm the future; they can't pass me
'Cuz I pulled up in a Benz and a black mink
I hopped out the whip, now they turnin' heads

Break they necks
Snap ya neck, snap ya neck
Snap ya neck, snap it
Snap that shit for me
Girl, I'm the chiropractic
Snap ya neck, snap ya neck
Snap ya neck, snap it
I can see 'em lookin'
I know you wish you had it

Girl I wish that I had both hands on that ass
Girl I wanna see you pole dance for yo' daddy
No Bob but I'm a sponge the way I soak it up
Now watch me flip this [?] like a Krabby Patty
You know you seen me before, don't lie
When I hit you up on the gram, you reply
'Cuz you know I'm the one that could change your life
Your life

I been turnt up since last week
I'ma about to break; they tryina cast me
Been fightin' with the devil; he can't have me
I'm about to blow up like a gas leak
I got the chicken got the sauce like I'm Zaxby's
They know I'm the future; they can't pass me
'Cuz I pulled up in a Benz and a black mink
I hopped out the whip, now they turnin' heads

Break they necks
Snap ya neck, snap ya neck
Snap ya neck, snap it
Snap that shit for me
Girl, I'm the chiropractic
Snap ya neck, snap ya neck
Snap ya neck, snap it
I can see 'em lookin'
I know you wish you had it

Wish you had my last girl
Wish you had my bag
Why your girl keep sayin'
I'm the best she ever had
Damn that shit is sad
That must make you mad
Never give your heart to a ho, should
Always leave before somebody who has more
(Do you know her?) that's me
Nobody has more, than me

My son is fed, my joy is strong
And I'll keep living that way until I am gone

I been turnt up since last week
I'ma about to break; they tryina cast me
Been fightin' with the devil; he can't have me
I'm about to blow up like a gas leak
I got the chicken got the sauce like I'm Zaxby's
They know I'm the future; they can't pass me
'Cuz I pulled up in a Benz and a black mink
I hopped out the whip, now they turnin' heads

Break they necks
Snap ya neck, snap ya neck
Snap ya neck, snap it
Snap that shit for me
Girl, I'm the chiropractic
Snap ya neck, snap ya neck
Snap ya neck, snap it
I can see 'em lookin'
I know you wish you had it

Girl I wish that I had both hands on that ass
Girl I wanna see you pole dance for yo' daddy

Break they necks
Snap ya neck, snap ya neck
Snap ya neck, snap it
Snap that shit for me
Girl, I'm the chiropractic
