

STARCHASER

Trevor Jackson

Flashy, flashy, flashin'
She love fashion, fashion
She the baddest of them all
Hold up, hold up, hold up
My heart racin' forward
I can not get myself involved

'Cuz she's a starchaser
Yeah, she's a-
Starchaser
Can't even run from her
Starchaser, baby
Oh, and that head is super crazy

She wanna be in a [?]
Lucky for you I'm Kurt Kobain
And she like sock it to me now
Your like Penny Proud
She talkin' to me biased
Sock it to me now
She don't want respect
She just wanna fuck up a check
She like sock it to me now
Penny ain't to proud
She talking to me nice
I'ma have to take it down

Back seat, back seat, back seat
Give her back shots no vaccine
She be drippin' water no Maxine
Baby don't start [?] we been on a roll
Why don't you put on ya' heels
We can go back in time
Put on yo' lipstick
Then you act like nothin' happened
Baby girl, you so fly
Wish we had more than one night
But you will never be mine

'Cuz she's a starchaser
Yeah, she's a-
Starchaser
Can't even run from her
Starchaser, baby
Oh, and that head is super crazy

She wanna be in a [?]
Lucky for you I'm Kurt Kobain
And she like sock it to me now
Your like Penny Proud
She talkin' to me biased
Sock it to me now
She don't want respect
She just wanna fuck up a check
She like sock it to me now
Penny ain't to proud
She talking to me nice

I'ma have to take it down

We about to leave the club
She said, "Where you live? I wanna come."
I said, "Girl you know it's almost three?"
She said, "What is that supposed to mean?"
At my crib, we pullin' up
And we race to the bed, put her legs on her head
Then she said, "Boy, I can't get enough."
Round one, round two, round three
Said, "I have to pee, wait a minute."
Then I felt a gun to my back
Said, "Take me to the safe."
Then she yellin' out, "Faster-
Nigga, Put the passcode in"
She pulled a fast one on a nigga

Lucky for you I'm Kurt Kobain
And she like sock it to me now
Your like Penny Proud
She talkin to me biased
Sock it to me now
She don't want respect
She just wanna fuck up a check
She like sock it to me now
Penny ain't to proud
She talking to me nice
I'ma have to take it down
