

Alive

Trevor Moran

If you wanna get down tonight
Baby, we just might
Well, don't be scared, yeah
I'm right here, it's just me and you tonight
The night's going slower as I look over my shoulder
Well I gotta leave and flee the scene
Babe, I gotta hit the road

Temptation in your eyes
Betrayal in disguise
Oh, I can say just go away before I lose my mind
Temptation in your eyes
Betrayal in disguise
Just disappear right in the clear, I'll politely decline

I, oh I, I just wanna be alive, -live
I, oh I, I just wanna be alive, -live

Not having lots of motivation on my mind, on my mind
I'm gonna have to come and conquer one more time, one more time

Temptation in your eyes
Betrayal in disguise
Oh, I can say just go away before I lose my mind
Temptation in your eyes
Betrayal in disguise
Just disappear right in the clear, I'll politely decline

I, oh I, I just wanna be alive, -live
I, oh I, I just wanna be alive, -live

Temptation in your eyes
Betrayal in disguise
Oh, I can say just go away before I lose my mind
Temptation in your eyes
Betrayal in disguise
Just disappear right in the clear, I'll politely decline

I, oh I, I just wanna be alive, -live
I, oh I, I just wanna be alive, -live
