

# Sinner

Trevor Moran

They say the eyes are the window to someone's soul  
When I looked in your window, I saw  
No colour, no life, no trees, no skies  
Just my fucking reflection  
In your dead, glass eyes

But, life is a mirror after all...

(Father, please, please forgive me...)

How do I release and get untied?  
I don't know how to make you feel alive  
Tell me, tell me, now, now, now, now, now, baby  
Tell me now, yeah, tell me now, yeah

Why you always tear me down?  
Bitch, you know I'll keep this crown  
Intentions are clearly known  
Clearly known-ow-own  
Why you always tear me down?  
Bitch, you know I'll keep this crown  
No, I don't feel high no more  
I'm on the floor, no, baby

I'm sorry that my whole heart was not enough  
I'm sorry, you can keep it 'cause I'm cold as fuck  
Father, please forgive me 'cause I'm on the floor  
Praying on the floor  
Can someone save this sinner?  
Sinner, sinner (someone save this)

How did I get you to leave my head?  
How did I get you to leave my bed?  
Baby, baby, baby  
Babe, I let you go (go)

Why you always tear me down?  
Bitch, you know I'll keep this crown  
Intentions are clearly known  
Clearly known-ow-own  
Why you always tear me down?  
Bitch, you know I'll keep this crown  
No, I don't feel high no more  
I'm on the floor, no, baby

I'm sorry that my whole heart was not enough  
I'm sorry, you can keep it 'cause I'm cold as fuck  
Father, please forgive me 'cause I'm on the floor  
Praying on the floor  
Can someone save this  
Sinner, sinner (can someone save?)  
Sinner, sinner (can somebody save me?)  
Sinner (someone save me), sinner  
Oh, oh

I smell his scent on your skin  
Let's not try to pretend

I'm the one that's the sinner, sinner (it's you)  
Time to play the victim now  
Hope he's with you when you drown  
Know you're worried, know you're hurting  
I have the power now

I'm sorry that my whole heart was not enough  
I'm sorry, you can keep it 'cause I'm cold as fuck  
Father, please forgive me 'cause I'm on the floor  
Praying on the floor  
Can someone save that  
Sinner, sinner (oh, baby)  
Sinner, sinner (can someone save you?)  
Sinner (can someone save me?) sinner, sinner  
(Someone save this)

I'm a saint, bitch...
