

Slay

Trevor Moran

I know you see what I am doing everyday
I get that microphone and hit that money making stage
Watch me slay watch me slay
Please obey please obey

Come and throw it bring it with your name on it
Come and throw it bring it with your name on it
Come and throw it bring it with your name on it
Come and throw it bring it with your name

Bring it like this
Bring it like that
Bring it with your name but don't take it right back
Bring it like this
Bring it like that
Keep throwing your shade I'm still on the right track

I'm going crazy crazy don't care
I'm going crazy crazy don't care
I'm going crazy crazy don't care
I'm going crazy crazy don't care

You mind my every move
You know where I go
You follow me
Well you are going slow
Watch me slay watch me slay
Please obey please obey

Come and throw it bring it with your name on it
Come and throw it bring it with your name on it
Come and throw it bring it with your name on it
Come and throw it bring it with your name

Bring it like this
Bring it like that
Bring it with your name but don't take it right back
Bring it like this
Bring it like that
Keep throwing your shade I'm still on the right track

Bring it like this
Bring it like that
Bring it with your name but don't take it right back
Bring it like this

Keep throwing your shade I'm still on the right track

I'm going crazy crazy don't care
