

# The Dark Side

Trevor Moran

It should be outlawed  
What you can do to me  
Can't take my eyes off you  
In too deep

Can't control who you love in your soul  
There's a force that will pull you back again  
Oh you can't control who you love in your soul  
There's a force that will pull you back again

Baby, I feel you pull me to the dark side  
One look, and you control me from the inside  
I'm just a puppet on your string  
You can make me do anything (oh)  
Baby, I feel you pull me to the dark side  
Baby, I feel you pull me to the dark side

You're like a monster, you try to swallow me  
I'll never conquer you, you're all I need  
Can't control who you love in your soul  
There's a force that will pull you back again  
Oh you can't control who you love in your soul  
There's a force that will pull you back again

Baby, I feel you pull me to the dark side  
One look, and you control me from the inside  
I'm just a puppet on your string  
You can make me do anything (oh)  
Baby, I feel you pull me to the dark side  
Baby, I feel you pull me to the dark side

Love is a drug, is a drug  
It makes you feel good, it makes you feel good  
Can't get enough, get enough  
If only we could, if only we could  
Love is a drug, is a drug  
It makes you feel good, it makes you feel good  
Can't get enough, get enough  
If only we could, if only we could

Baby, I feel you pull me to the dark side  
And you control me from the inside  
I'm just a puppet on your string  
You can me make do anything (oh)

The dark side

I feel you pull me to the dark side
