

Spin

Trey Anastasio

The days go by and I'm still alive
Lost inside but I will arrive
And I'm starting to fall, can't escape from it all
It's better to go down easy
When I'm stuck in this spin, look at the shape that I'm
in
It's pulling me down but I'm enjoying the view

So lift up now if you're all alone
Better start or you'll never know

Time goes by in a flash, If you're starting to crash
It's better to go down easy
In a circular dive, when I finally arrive
It's taking me down but what else can I do?

Time goes past still it's all the same (and I've been
with you all these nights)
In time when you change the game (and hold yourself up
to the light)
It's past and you're all alone (But I will be here
'till the end)
And I'll lead you home (If you can see it through my
friend)

Now we're caught in this slide, seems like one hell of
a ride
Taking me down, so easy.
When I finally rise, and I open my eyes
Looking around, and I'm enjoying the view.
