

# Hands On

Trey Songz

Yeah  
There's places on your body  
You ain't even know till now  
If you let me explore  
I'll help you find your way around  
Round  
Touching on you  
Rubbing on your skin like oil  
Run it up, you run and tell your friends  
I spoil you  
Girl don't make me wait  
I know it's been a while  
I'm sorry if I'm  
Hands on, hands on with you  
I be hands on you, with me  
Hands on, you know I'm a hands on learner  
Can I learn ya?

Hands on  
Hands on, hands on  
Your hands on me  
Hands on, hands on me  
Hands on, you know I'm a hands on learner  
Can I learn ya?  
Oh, hands on  
Oh, hands on  
Hands on with me  
Hands on, you know I'm a hands on learner  
Can I learn ya?  
Hands on  
Hands on
