

# Nobody's Watchin

Trey Songz

(Aye, Zay, run that shit back, bruh)

Go ahead and take your time tonight  
Ain't nobody here but you and I  
Type of club that never close  
So you don't really need no clothes  
It's party of 1+1 tonight  
You the only one that's on my mind  
Girl you know how this goes  
I just wanna see you lose control  
Dance like nobody's watchin'

Move it to the left to the right now (Right now)  
That thang is soaking wet I think I might drown (Might drown)  
Throw it, I'ma catch it like a wide out (Wide out)  
Girl, you be turnin' on when the lights out  
I wanna see you make it nasty  
If you drop it low just bring it back please  
I love it when you call me Dad-dy  
You act up I'ma spank you on them ass cheeks  
Girl, there ain't no competition  
You gettin' all of my attention  
Good time now make some bad decisions (Oh)
