

## Reflection

Trey Songz

Ah, put that body on me, I know you like that shit  
Treat it like a pony, the way you ride that shit  
Know you love a nigga, you ain't gotta hide that shit  
Fuck your other nigga, he don't provide that shit  
If you want it, baby, I'll go and get it  
Get in that pussy and I'm never leavin' with it  
Fuck what they heard, tell 'em, mind they business  
Fuck what they heard, tell 'em, mind they business  
Fuck what they heard, tell 'em, mind they business  
You a real one, that's just my perception  
Real recognise real, my reflection

They gon' try to fuck us up, that's just nature  
Every time you goin' up, don't they hate ya?  
Tell me what you feel, let me hold it  
And if it's real, they cannot control it

Let me put my hand where your soul is  
Baby, you a star like it's show biz  
You ain't gotta ask  
I be on call with that paper, that's facts  
So, what you need, what you need? Tell me, I get it, I get it  
I'll spend it, I'll spend it  
Just for you to have it  
Make sure you got it even if I didn't have it  
Real love, goes a long way  
And games, I ain't even tryna play  
Put that thang on me, today  
Put that body on me

Put that body on me, I know you like that shit  
Treat it like a pony, the way you ride that shit  
Know you love a nigga, you ain't gotta hide that shit  
Fuck your other nigga, he don't provide that shit  
If you want it, baby, I'll go and get it (Get it)
