

# Save It

Trey Songz

How does this go?  
You wanna know  
You never been here before  
Go with the flow  
We'll take it slow  
No need to rush  
They don't gotta know what's up  
That's between us (Yeah)

Lick it up, beat it up, put it to sleep, sleep  
I'm thanking God when you get on your knees, please, forgive me  
Girl, you a star, you the first on the team, team  
I ain't gon' play 'less I'm playing for keeps, keeps

Save it for me  
Baby, just save it for me  
All of these niggas be all in your business  
Don't know you waiting for me, yeah  
Save it for me  
Don't ever take it from me  
Love on a nigga  
Give me that feeling, you make it complete

Ohh  
Ohh  
You should know  
Girl, you know  
To save it for me  
Ohh  
Ohh, oh

'Fore I wake up I see you in my dreams, dreams  
When I wake up I be right on them cheeks, see, what I mean  
If this a movie, you my favorite scene  
It be calling me, I'm a fiend, I just need a piece

Save it for me (Yeah)  
Baby, just save it for me (Oh, yeah)  
All of these niggas be all in your business  
Don't know you waiting for me, yeah (Save it for me)  
Save it for me (Ooh)  
Don't ever take it from me  
Love on a nigga  
Give me that feeling, you make it complete

Ohh (Girl)  
Ohh (Girl)  
You should know (Know)  
Girl, you know  
To save it for me (Save it for me)  
Ohh  
Ohh, oh  
Save it for me
