

# Ur Behind

Trey Songz

So unusual to me  
How I can see  
That thang you got  
From the the back  
To the front  
So beautiful to me  
Girl you see  
This dream I got  
You'd be walking al throught  
The way you do it

Shawty I want you so so bad  
You running through my mind  
All I see ur behind  
Shawty I want you so so bad  
You running through my mind  
All I see ur behind

And all I see  
Is you on top of me  
Watching you ride  
Looking to my eyes  
All I need is to be inside  
I'll be sliding in te front  
Going to the behind

Shawty I want you so so bad  
You running through my mind  
All I see ur behind  
Shawty I want you so so bad  
You running through my mind  
All I see ur behind

Aye That girl so big  
Aye that girl so phat  
Aye the girl so big  
Aye that girl so phat  
Why is your back bone bigger that the usual  
Little mama why you so phat  
How long did it take that thang to grow  
I'd love to hit that front the back  
Me and my cut cuts  
You and your gut guts  
Girl move your butt butt  
Diggin' your gut guts  
And you already-dy  
Sit down on hands and knees

Shawty I want you so so bad  
You running through my mind  
All I see ur behind  
Shawty I want you so so bad  
You running through my mind  
All I see ur behind  
Shawty I want you so so bad  
You running through my mind  
All I see ur behind
