

When We Make Love

Trey Songz

Let me take your clothes off
And lay you on this bed
My hands around your neck girl
Your body soaking wet yeah
There's nothing I wont do to you,
My favourite place inside of you... girl
How bad you want it ba-ba-by
I kiss your body everywhere, and I don't wanna stop it there
You ain't running tonight, keep it coming tonight
You say you wanna feel the D, baby here's the rest of me
Take it off girl.
I know exactly what you like

When we make love, when we make love
Everywhere...
So bring your body here
When we make love, when we make love
Everywhere...
So bring your body here
Now we make love.
Love, love, love, lo-ove
How we make love
Love love love lo-ove

You see the way you make me feel girl
No one ever will girl
Wont you keep it arched for me
Ooh and your picture perfect naked
Screaming you cant take it
Give it to ya how you need ohhh a
I'ma lick your body everywhere
Tell me when I'm right there
You ain't running tonight
I know exactly what you like

This love that I'm making with you
So deep and so passionate
Girl it goes on and on and on don't you feel it
Baby all the freaky things we do
Are moments you wont forget
I love you girl
Show you every time I touch you girl
I don't want nobody else but you girl
I don't want nobody else but you girl

I love you girl, you know I care
So beautiful cant help but stare
Yeah, cant but stare, so beautiful
I love you girl
