

Kryptonite

Tri Dnya Dozhda (Три Дня Дождя)

I want you and I hate it
Try to fight it but I gave in
Lips like kryptonite
Yeah
I want you and I hate it
You're my poison
I can taste it
Every time we kiss it's like, lips like kryptonite

You're Satan
Devil horns on your forehead, babe
You ain't playing
If you were then your score would've been amazing
You're a whore
I'm a whore
Why the fuck we waiting?
We waiting

I was raised gentleman
I'm pretty far from gentle, man
Go as hard as venison
Go to war like veterans
Got a sword and everything
On the floor we're sweating
I'm pretty sure we're getting a little sore
Where did that come from?
That bum bum that bumped up against me
I fucked up your name
It was um, um McKenzie?
Got a text from your number and jumped on my ten speed
I love when you tempt me
Again, please

I want you and I hate it
Try to fight it but I gave in
Lips like kryptonite
Lips like kryptonite
I want you and I hate it
You're my poison
I can taste it
Every time we kiss it's like, lips like kryptonite

We're broken
Try to fix all the shit we're in
But we're hopeless
Want to run
Want to hide
Want to dive in the ocean
You're a whore
I'm a whore
Let's get it going
It's going

And I don't wanna talk a lot
Sitting in this parking lot
Drinking Arnie Palmer as my stomach rots
Are we gonna fuck or not?

Fuck, I fall in love a lot
What you want?
Driving straight to hell and I don't want to stop
And it's true I'm dude who's pretty awful at this
Off of the wall ever since I got off of my meds
I shouldn't call
But you got me where you want me, again
I thought we were friends
I guess it's pretty obvious that

I want you and I hate it
Try to fight it but I gave in
Lips like kryptonite
Lips like kryptonite
I want you and I hate it
You're my poison
I can taste it
Every time we kiss it's like, lips like kryptonite

You're broken
You're broken
