Get back into the groove
I don't even wanna explain it
Cause I'm way too into you
I don't even want a replacement

I don't even know how to talk
I try so hard

I feel it too, in my head
I've been dreaming of you
In my thoughts, in my head
I've been dreaming of you
I've been dreaming of you

Get back into the groove
I don't even wanna explain it
Cause I'm way too into you
I don't even want a replacement

I don't know even know how to talk
I try so hard

I feel it too, in my head
I've been dreaming of you
In my thoughts, in my head
I've been dreaming of you
I've been dreaming of you
I've been dreaming of you
