

Courtside

Triathlon

Something got me on, must be in the city
Feelings got me wrong but living isn't easy

Some people like to talk, but they don't listen
What's the point of thought, if you ain't tripping?
Feelings all I got, so wait a minute
Can I get my point across? just let me finish

I'm working late nights
Coming home high at the same time
Hit the studio at the waste side
Feelings all closed but they still mine

Something got me on, must be in the city
Feelings got me wrong but living isn't easy

Somethings got to change
I've been making waves
I've been working days
I've been chilling courtside
Trying to change the game
Trying to keep my name
Let my feelings fade
Sick of working part time

Something got me on must be in the city
Feelings got me wrong but living isn't easy
