

Good Morning

Triathlon

Roll a spliff
Or write a riff on guitar
Take a hit
And text your friends where they are
Let it in
You're only here 'til you're gone
Don't make much sense
So, write a song just for fun

Oh, why you wanna be so mad
When all we wanna do is make love?
And why you wanna go and do that
When we just wanna lay here 'til the sun goes down?
I hope it goes down soon
I hope this works out, too
Can I sit and sing this song I wrote about you?
