

Mellow Moves

Triathlon

Oh I started with you
To get what I want, to get in the groove
Oh I, I'm moving again
I'm clearing my soul, I'm clearing my head

Oh I got you feel'n loose
Oh I got the mellow moves

Oh I, I started with you
To get what I want, to get in the groove
Oh I, I'm moving again
I'm clearing my soul, I'm clearing my head

Oh I got you feel'n loose
Oh I got the mellow moves
Oh I got you feel'n loose
Oh I got the mellow moves

I know it's hard, I get that
But I can't relate
I'm sorry baby, I know
It's hard to see you at night

I want to feel you, I hope you feel me
Baby, I know it's getting late
For you to let go
Me too, me too, me too

You're act'n like you know something
You don't
You're act'n like you know someone
You won't

And this situation sucks
I know
Help me get back to you
I won't

Help me get away from this
I'm broke
Help me get back to you
I won't
