I won't

I won't think about it now  
I won't think about it now  
I won't think about it now  
I won't

Say what you wanna say  
Do what you wanna do  
Change every part of me  
Anything you want me to

Say what you wanna say  
Do what you wanna do  
Change every part of me  
Anything you want me to

I won't think about it now  
I won't think about it now  
I won't think about it now  
I won't think about it now

I won't think about it now  
I won't think about it now  
I won't think about it now  
I won't

I won't think about it now  
I won't think about it now  
I won't think about it now  
I won't
