

You are all I see  
You are all I need  
You are all I see  
You are all I need

I am faded now  
I am fading now

You are all I need  
You are all I see  
You are all I need  
You are all I see

I am slip'n now  
I am slip'n now

She's in my head, she knows  
It's seeping in, I'm broke  
Confusing times, I know  
I'm feeling down, alone

She's in my bones, I know  
I'm feeling sick, I'm broke  
Confusing times, I know  
She's in my head, I'm broke
