

Spin

Triathlon

It spins around my head
At times when I forget
It haunts me now and then
Oh, what a feeling

Something's going on, I can't
Put my finger on, not yet
Listen to this song again
Alone, oh

I'm getting closer to things
I lost along the way
Time's moving forward
I feel my sense of self-decay

Something's going on, I can't
Put my finger on, not yet
Listen to this song again
Alone, oh

Don't lay down
Don't freak out
