Triathlon

If you gon' keep it in
Then you gon' let it win
This world is only spinning just for you
And me too
Are you gon' let your love come in
Too?
And I've been feeling alright
I've been feeling just fine

If you gon' let things slide
Then you gon' have to try
This world is only big enough for you
And me too
When you gon' let your love come in?
Soon?
And I've been feel'n alright
I've been feel'n just fine
