

Every time I figure it out  
I get down on myself  
Sometimes, when I'm having self-doubt  
I freak out, I'm not there

I'm tryna get by  
I'm drowning myself  
Lost in my mind  
I'm tryna get by  
I'm drowning myself  
Lost in my mind

I've been laying around  
I'm spending time by myself  
I need something that can help  
All night, holding it down  
I'm spending time on the couch  
I'm not in line with myself

(I'm tryna get by)  
(I'm drowning myself)  
(Lost in my mind)  
I'm tryna get by  
I'm drowning myself  
Lost in my mind  
I'm tryna get by  
I'm drowning myself  
Lost in my mind  
I'm tryna get by  
I'm drowning myself  
Lost in my mind
