

YOU

Triathlon

It's been a long time
I'll wait for you
Love stuck on my mind
I'll stay, it's true

I wanna be the one around you
I wanna be the one around you

I've been holding on
Still hanging but it's tough
Just waiting for your love
We've been wrapped up in it all

If that just how it's gonna be
Then I don't want anything

It's been a long time
I'll wait for you
Love stuck on my mind
I'll stay, it's true

I wanna be the one around you
I wanna be the one around you

If that just how it's gonna be
Then I don't want anything
