

Sekkle and Cool

Tribal Seeds

Roots and culture

Sekkle and cool off the corn
I give you roots and culture
Sekkle stop feeding us the corn
I give you roots and culture

As I walk upon the scene
I be surrounded by joker smoker
As they play the A to G
With no proper instructions
As they brainwash the sheep
And they poison the plantation
But Pupa Louie Castle gonna clean up the vibez
And plant up a tribal seed

Sekkle and cool off the corn
I give you roots and culture
Sekkle stop feeding us the corn
I give you roots and culture
