Not every moment but every day

I'll become happier

Every day, every day, yeah, yeah, with me

I miss my mama when things get harder

It's what I wanted, but it's not easy

It's frustrating (I just want-)

To make my way (My way)

Whenever I stop my race

I don't wanna feel like this

I feel lost (That's okay)

But I'll be okay, yeah, yeah, ayy

Don't be afraid of this moment

Stars shine brighter in the dark

Just let it go (Let it flow)

Just let it flow (And just come with me)

I can't be happy all the time

We're gonna all shine

Just like the sun

Every day, every day, yeah, yeah, with me

Not every moment but every day

I'll become happier

La-di-da-dam, lay

All this pressure, all this pain

That's why I shine

Like V-V-S

Ma like, ma like, ma like, ma like a diamond

Every day, every day

Ma like, ma like, ma like, ma like a diamond  
Every day, every day  
Ma like, ma like, ma like, ma like a diamond  
Anywhere, anytime, I can make it right  
Because all changes start with me

There's no correct answer  
So do what you wanna do  
It's alright (Huh)  
So what if you're a little different?  
A rugged desert into a blue ocean  
You can change that, and even change time  
Can't stop me now  
Believe it or not, I can

Piercing gazes  
They hurt me, but you just forget it  
I get shaken up by the smallest things  
They rough me up and make me cry  
I can't be happy all the time  
But I'll eventually realize, every day  
Just let it go  
Every day, every day, yeah, yeah, with me

Not every moment but every day  
I'll become happier  
La-di-da-dam, lay  
All this pressure, all this pain  
That's why I shine  
Like V-V-S

Ma like, ma like, ma like, ma like a diamond  
Every day, every day  
Ma like, ma like, ma like, ma like a diamond  
Every day, every day  
Ma like, ma like, ma like, ma like a diamond  
Anywhere, anytime, I can make it right
