

Sacrilegious Darkness

Tribulation

Black death is crawling to you
Think about your every sin
What now awaits you never knew
The toll of death will know begin
Ascending now
Through blood and death
Arise in darkness
Through skin and flesh

Sacrilegious - darkness
Blessed be - darkness

Darkness is the key
The passive to the enemy
Feel it coming choking you
Evil is the way to
The holy dark is the key
Darkness the key
Darkness death damnation

Darkness - arise

Darkness is the key
The passive to the enemy
Feel it coming choking you
Evil is the way to
Ascending now
Through blood and death
Arise in darkness
Through skin and flesh

Suffocation
Strangulation
Feel it coming to you
Unholy darkness arise
