

Fall Please

Tricky

Walk slow in rain
Big coat, gold chain

Was it rain? Was it grey?
Do you kneel when you pray?
And now the sun is going down
And I'm tired from the crowd
And I'm falling from the ground
And now the sun is going down
Until Jesus come

Fall please
For you
For me
Want to

Fall please
For you
For me
Want to

Was it rain? Was it grey?
Do you kneel when you pray?
Was it night? Was it day?
Was it pain in our way?
And now the sun is going down
And I'm tired from the crowd
And I'm falling from the ground
Until Jesus come

Fall please
For you
For me
Want to

Fall please
For you
For me
Want to

Fall please
For you
For me
Want to

Fall please
For you
For me
Want to
