

Far Away

Tricky

Tricky:
Sanctuary, mandatory (?)
global crisis, crisis global
Jump the bottle,
float far away
float far away
float far away
Go to cinema (?), feel like a criminal (?)

...

...

Sanctuary, mandatory (?)
global crisis, crisis global
female singer & Tricky:
Jump the bottle
floats far away
floats far away
floats far away
Tricky:
In the cinema (?), life is minimal
She don't love me like that
She don't love me like that
I try to chose, my shadow moves
But don't last, in my hovercraft
Life is minimal, life is minimal
female singer & Tricky:
Jump the bottle, floats far away
(3x)

Tricky:
We're gonna last
We're gonna last
We're gonna last
We float far away
We float far away
We're gonna last
We float far away
Far way
Far away
Float far away
Crisis global, global crisis
Float
We're gonna last
We're gonna last
We're gonna last
We're gonna last
We float far away
We float
We float far away
Float far away
Far away
We float far away
We're gonna last
We're gonna last
We float
We float
We float far away
Float
I float

Tricky:
Sanctuary, mandatory (?)
global crisis, crisis global
