

# Here Come The Aliens

Tricky

I can feel your daggers  
Kiss me on my toes  
Stick a move  
Just learn to throw my blows

The road is hard and long  
Feel like a smoking beagle  
I've got a rhyme for every time  
You're just and eagle

Here come the aliens  
We're the aliens  
Here come the aliens  
We're the aliens  
Here come the aliens

I can feel your daggers  
Kiss me on my toes  
Stick a move  
Just learn to throw my blows

Feel like a smoking beagle  
I've got a rhyme for every time  
You're just an eagle

Here come the aliens
