

# It's Your Day

Tricky

I don't play, no way  
It's so grey, I'm okay  
If you play you won't stay  
If you stray there's no way  
It's your day today  
We're here and we stay  
It's your day today  
We're here and we stay

I don't play, no way  
It's so grey, I'm okay  
If you play you won't stay  
If you stray there's no way  
It's your day today  
We're here and we stay  
It's your day today  
We're here and we stay
