Tricky

I will be the one to pretend  
The end  
Mountains never rush to descend  
You'll transcend

I will be the one to pretend  
Mountains never rush to descend  
You'll transcend, my friend  
Glorious in all that you've been  
My friend

Can't you see I'm lost?  
Don't you see I'm lost  
For you?  
Baby, can't you see I'm lost?  
No, you can't see I'm lost  
For you?

Mountains never rush to descend  
You'll transcend, my friend  
Glorious in all that you've been  
Don't blend again

Sculptures that dissolve to a pen  
Ascend, my friend  
Cakes and clouds, never-everland  
Play to pretend

Can't you see I'm lost?  
Don't you see I'm lost  
For you?  
Baby, can't you see I'm lost?  
No, you can't see I'm lost  
For you?

Can't you see I'm lost?  
Don't you see I'm lost  
For you?  
Baby, can't you see I'm lost?  
No, you can't see I'm lost  
For you?

Can't you see I'm lost?  
Don't you see I'm lost  
For you?  
Can't you see I'm lost?  
Don't you see I'm lost  
For you?
