

# Makes Me Wonder

Tricky

Kiss me a while  
And give me your soul  
Kiss me a while  
And just one more  
Makes me wonder  
Miss me slow  
Always heartache  
Just won't go

I am one that  
You don't know  
Leave me looking  
Without soul  
Leave me standing  
Leave me slow  
Always heartache  
Just won't go

I'll sing for you  
I'll sing for me too  
I'll move slow  
You can be everything  
The song that I sing  
Is for you

I'll sing for you  
I'll sing for me too  
My head moves slow  
You can be everything  
The song that I sing  
Is for you

I'll sing for you  
I'll sing for me too  
I'll move slow  
You can be everything  
The song that I sing  
Is for you
