

Out The Way

Tricky

Dont je me souviendrai
Atteindre mon coeur et le porter

Oh, what's your right pace
And when I fall into my space (À tout jamais)
Oh, what a fall from grace
I live on the fifth floor
I'm poor, don't need my old place

It was just a dream, I can't explain
I guess we're lost by tears and the rain
It was just a dream, I can't explain
I guess we're lost by tears and the rain

She's got those dance moves
Blues don't get in the way
I drive a fast car
Don't get in the way
Oh, what's a fast pace
Please kick off my door, it's not my place
Oh, what a game we play
You I don't know, I go my way

It was just a dream, I can't explain
I guess we're lost by tears and the rain
It was just a dream, I can't explain
I guess we're lost by tears and the rain

Dont je me souviendrai
Toi qui pourras, à tout jamais
Dont je me souviendrai
Toi qui pourras, à tout jamais
Dont je me souviendrai
Toi qui pourras, à tout jamais
Dont je me souviendrai
Toi qui pourras, à tout jamais

It was just a dream, I can't explain
I guess we're lost by tears and the rain
It was just a dream, I can't explain
I guess we're lost by tears and the rain
