

# Same As It Ever Was

Tricky

Same as it ever was, long as you get a buzz  
Hear my voice and you get a buzz  
Get on the bus, you feelin' lost?  
Same as it ever was, she like my kiss  
Same as it ever was, see, I like real  
Same as it ever was, long as you get a buzz  
Hear my voice and you get a buzz

It's like rain and dust, same black cars  
Please explain when you use my name  
Like, it's the things like rust, who do you trust?  
Rain and dust, same black cars
