Taxi

Tricky

I said I'm bored
We have to kill the noise
She said
"Why don't you try boys?"
I said, "No I'm-a get me a white girl"
'Cause it's a big white world
Her skin is milky and waxy
Now I can get a taxi

I said I'm bored
"We have to kill the noise"
He said
"Why don't you try girls?"
No I'm-a get me a white boy
So I can have some white joy
Skin's milky and waxy
Now I can get a taxi

She said I'm bored
We have to kill the noise
She said, "Why don't you try girls?"
She said, "No I'm-a get me a white boy"
She said, "No I'm-a get me a white boy"
So I can have some white joy
Gimme a white boy
So I can have some white joy
Her skin is milky and waxy
Now I can get a taxi
Now we can get a taxi

Gimme a white girl

Get me a white girl
Her skin is milky and waxy
Now I can get a taxi
