The Only Way

Tricky

Every time you go away
I feel the pain, I feel the same
It's like a rain
I hear your name, I fall apart
This is the end
Why do we start?

This is the only way, you go away
Be my friend, come back again
Come back again

Every time she goes away, I feel the pain
I feel the same, it's like a rain
Every time I hear her name, I fall apart
This is the end
Why do we stop?

This is the only, you go away
Be my friend, come back again

The only way
This is the only way
The only way
The only way

Every time I make you cry, it's like I die
Got fucked here, I'm seeing red
I can't feel, it's like I'm dead
I'm an alien, not from this earth
Alien, I'm not from this earth
You know the feel, in my birth
The only way, the only way
This is the only way

This is the only way
The only way
The only way

Every time she goes away, I feel the pain
I feel the same, it's like a rain
Every time I hear her name, I fall apart
This is the end
Why do we stop?

Is this the only way?
Be my friend, come back again
Be my friend, be my friend
Come back again

Every time she goes away, I feel the pain
I feel the same, it's like a rain
Every time I hear her name, I fall apart
This is the end
Why do we stop?

This is the only way
Be my friend, come back again

Be my friend, come back again
The only way, the only way, the only way
Be my friend, be my friend
Come back again
The only way
This is the only way
Be my friend, be my friend
Come back again

Come back again

Come back again
