

Time

Tricky

Time slippin'
Remember, I can't
Time slippin'
Remember, I can't
Remember
Time

I'll come see you again
She says, "Will you put down your pen?"
No way baby I'm a writer
An emotional exciter, for you
Licorice are you ticklish?

Time slippin'
Time slippin'
Time slippin'

I feel pressures
I feel in measures
Caught me
Caught me in the club
Hold on Tricky all you need is love
It's not my say love
I won't go out to fight
I feel pressures through measures
I can't remember last night

Time slippin'
Time slippin'
Time slippin'
Time slippin'

I'm seein' double
Drinkin' double
I'm seein' double
I'm in trouble
And she knows I like girls
When around the lights go
I wanna rock the mic though
I'm drinkin' double
Seein' trouble
And she knows I like girls
When around the lights go
I wanna rock the mic though

Time slippin'
Time slippin'
Time slippin'
Time slippin'

Time slippin'
Time slippin'
Time slippin'
Time,time

Time slippin'
Time

Time slippin'
Time

Time slippin'
Time slippin'
Time, time
